***YOUR PARTY YOUR VOICE
TOGETHER WE ARE THE SOLUTION***

**The Federal Nationalist
Constitutional Reform
Party's mission is to
put the power in the
hands of the people of
Canada through the
process of a lawful
Constitutional
Convention**

WHY DOES CANADA NEED A LAWFUL CONSTITUTIONAL CONVENTION?

Democracy is based solely on the consent of the governed. The only lawful way for those that would be governed, is to give their consent by ratifying a Constitution. A Constitution that has been agreed upon, unanimously, by all the sovereign states included in this union.

In this land mass commonly known as Canada, neither of these parameters have been met. Thus, consent to be governed has never been given. Therefore, the question of why a Constitution for Canada is necessary, is to correct the wrongs, and to right the injustices.

The Nationalist Constitutional Reform Party of Canada will implement an inaugural, lawful Constitution of Canada; one specifically designed to protect the freedoms and rights of all Canadians.

This historical and democratic Constitutional Convention brings together delegates from our ten provinces, three territories and the Native Nations.
